

Bergenfield Surgical Center Celebrates Grand Opening

MSA Management and Englewood Hospital and Medical Center partner to bring convenient, state-of-the-art outpatient surgical facility to Bergenfield, NJ

(Bergenfield, NJ, May 12, 2015) – MSA Management Companies, LLC, in partnership with Englewood Hospital and Medical Center (EHMC), today announced the opening of a new multispecialty ambulatory surgery center in Bergenfield, providing convenient access to high quality care for patients in the New York metro area.

The state-of-the-art facility is one of five centers owned and operated by MSA Management Companies, L.L.C. A multidisciplinary team of specialists will perform primarily foot, spine, orthopedic surgery, and pain management in a modern, high-tech space that includes three fully equipped operating rooms.

Bergenfield Surgical Center is located on 1 N. Washington Avenue, Suite A, in Bergenfield, NJ. For more information, visit www.bergenfieldsurgicalcenter.com.

About Englewood Hospital and Medical Center

Englewood Hospital and Medical Center provides the highest level of compassionate patient care and safety through a broad range of advanced clinical programs, treatments and diagnostic services. It is renowned for its bloodless medicine and surgery program, cardiac and vascular programs and its leadership in breast care, neurosurgery and joint replacement services. This 531-bed acute-care and community teaching hospital trains medical residents in many disciplines, including internal medicine, critical care medicine, surgery, podiatry and pathology. Englewood Hospital and Medical Center has earned numerous accreditations from The Joint Commission and other organizations and is among the six percent of hospitals nationwide honored with the prestigious Magnet nursing award, a distinction that has been earned three times by its nursing staff. In 2014, Englewood Hospital and Medical Center was named a Top Hospital by the Leapfrog Group. The hospital has also received numerous awards from Comparion Analytics/Carechex and Healthgrades, including being recognized as the only hospital in Bergen County named among the top 5 percent in the nation by for patient safety by Healthgrades for two years in a row (2014-2015). In a 2015 report from Inside Jersey magazine, Englewood Hospital and Medical Center was ranked fourth among large hospitals in New Jersey for overall care.
